Blockchain type

Blockchain **OLBITX** (ticker **OLX**) was developed and launched by a decentralized Group of Traders (about 1500 traders) in the form of an independent Network based on universal desire and common intention;

- ✓ **main goal**: the creation of a public hedging crypto asset to reduce risks in Trading;
- ✓ **OLX-Coin** consensus: Proof of Stake (PoS);
- ✓ price consensus: **DeFunds** (decentralized funds);
- ✓ management and development of the **OLBITX Blockchain** is carried out by the decentralized nonprofit foundation **S.Group**;

Emission and primary distribution

- ✓ initial issue amounted to **3 million coins** (July 2020);
- ✓ the maximum issue will be **21 million coins**;
- ✓ **18 million** of coins to be issued by all OLX holders via staking;
- ✓ **OLX-Coin** is not **Security**;
- ✓ **1.2 million OLX-Coin's** were distributed among all interested traders for free (**Bounty / AirDrop**), in proportion to their activity;
- ✓ **0.3 million OLX-Coin's** left for listing purposes on several exchanges (on average, 20 thousand **OLX-Coin's** for each exchange);
- ✓ **1.5 million OLX-Coin's** are dispersed on **S.Group** servers without the right of centralized access (by individuals or a narrow group of **S.Group** members) to prevent

future **Attack 51** - these **OLX-Coin's** cannot be sold or made available on exchanges for listing purposes (condition of the issuer);

Listing

- ✓ **OLX-Coin** listing can be carried out by any well-known exchange if it does not violate or modify the above provisions;
- ✓ we are planning to list on most well-known exchanges;
- ✓ preference is given to free listing on a reciprocal contractual basis based on decentralized non-commercial principles for the development of the crypto industry;
- ✓ commercial listings can also be considered if this approach is mutually balanced to develop the hedging concept, briefly mentioned above;

Howey Test

- ✓ on the part of the issuer (**S.Group**, headed by **Oliver Bit**), the initial sale (**ICO**) of **OLX-Coin's** is absent;
- ✓ on the part of the issuer, any type of **ICO** is also excluded in the future;
- ✓ the issuer has no commercial purpose in the sense of direct sale of **OLX-Coin's** anywhere;
- ✓ the issuer intends only to preserve and develop the **Blockchain** itself in the concept of hedging functions;
- ✓ the issuer does not intend to use the sale of **OLX-Coin's** for financing this project (only free traders and holders of **OLX-Coin's** can do this, at will and voluntarily);
- ✓ the issuer intends to develop and finance this project-based of personal or public funds;
- ✓ the issuer intends to exclude the distribution of the title «**Securities**» on **OLX-Coin** initially and on any point;

Contact

- ✓ applications or proposals should be sent to the chairman of the **S.Group** nonprofit foundation:
